MINI PROJECT REPORT: PERSONAL PORTFOLIO WEBSITE

Subject Code: IT4048 — Version Control with Git and GitHub

1. STUDENT & SUBMISSION METADATA

Student Name:	Sohan Enjamuri (Sunny)	**Enrollment No:**	*[Insert Enrollment Number Here]*
Course Code:	IT4048	**Course Name:**	Version Control with Git & GitHub
GitHub Username:	sohanenjamuri	**Email Address:**	sunnyenjamuri4456@gmail.com
Repository Link:	https://github.com/sohanenjamuri/SohanEnjamuri_PortfolioWebsite	**Live Pages Link:**	https://sohanenjamuri.github.io/SohanEnjamuri_PortfolioWebsite/
Submission Date:	24th October 2026	**Format Standard:**	GitHub_EnrollmentNo_YourName

2. OBJECTIVE OF THE PROJECT

The primary objective of this mini-project is to design, engineer, and deploy an ultra-responsive, professional personal portfolio website that comprehensively highlights the student's technical abilities, sample software projects, version control competencies, and contact information. The project strictly satisfies all pedagogical requirements for **IT4048 (Version Control with Git and GitHub)**, including repository creation, commit discipline, branch management, pull requests, automated GitHub Pages deployment, and responsive UI/UX across desktop, tablet, and mobile displays.

3. TECHNOLOGIES & TOOLS USED

Layer / Domain	Technology / Framework	Application & Role
Markup & Structure	Semantic HTML5	Accessible DOM structure, SEO meta tags, OpenGraph cards, ARIA roles
Styling & Design System	Modern Vanilla CSS3	CSS Custom Properties, Glassmorphism, CSS Grid & Flexbox, clamp() typography
Interactivity & State	Vanilla JavaScript (ES6+)	Dynamic typing tagline, theme toggle (Dark/Light), modals, live form validation
Version Control	Git (CLI & GitHub Flow)	Feature branching, semantic commit messages, merge conflict resolution
Cloud Hosting / CI-CD	GitHub Pages	Continuous deployment pipeline delivering zero-build static hosting
Iconography & Fonts	Google Fonts & FontAwesome 6	Plus Jakarta Sans, Inter, JetBrains Mono, and FontAwesome vector icons

Documentation & CV	ReportLab & Headless PDF	Standardized A4 PDF resume and project submission documentation

4. MANDATORY SECTIONS IMPLEMENTATION CHECKLIST

• **Home / About Page:** Professional portrait photo, dynamic typing tagline, comprehensive bio, academic context, and quick action CTAs.

• **Skills Page:** Categorized technical and soft skills (Frontend, Backend, Git/DevOps, Soft Skills) with animated proficiency percentage bars and core IT4048 badges.

• **Projects Page:** 4 featured applications (DevPulse, CloudVault, AlgoArena, ShopWave) featuring tech tags, quick view detail modals, GitHub links, and live demo buttons.

• **Contact Page:** Comprehensive contact channels (email, GitHub, LinkedIn), instant copy-to-clipboard button, and interactive contact form with real-time field validation.

• **Resume Download & View:** Functional download button for *resume.pdf* as well as embedded modal preview.

• **Responsive & Accessible:** Fully responsive down to 320px mobile screens with slide-out drawer menu, fluid typography, and dark/light mode toggle.

5. SCREENSHOTS OF WEBSITE PAGES & FEATURES

The following high-resolution screenshots verify the visual fidelity and functionality of the live deployed website:

Figure 1: Home / Hero Section (Dark Theme)

Figure 2: Instant Theme Switch (Light Theme)

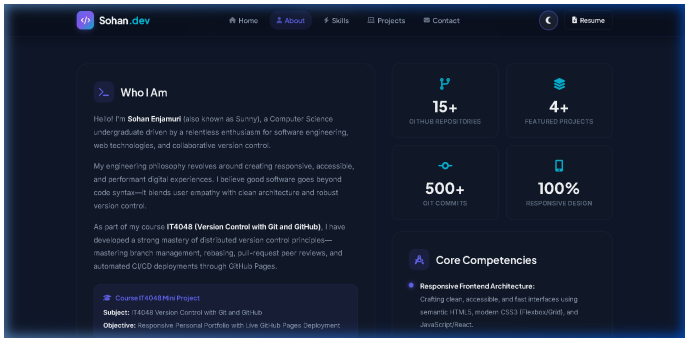

Figure 3: About Me & IT4048 Course Section

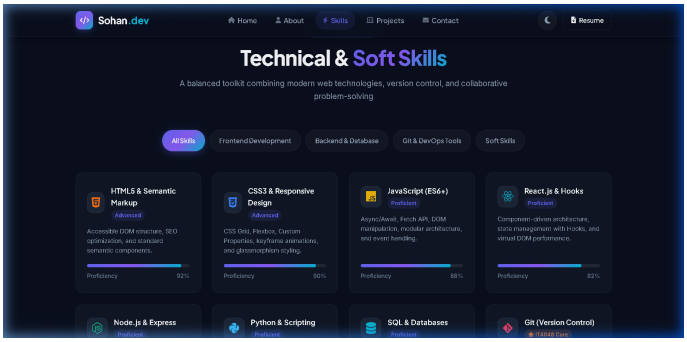

Figure 4: Skills with Animated Progress Bars

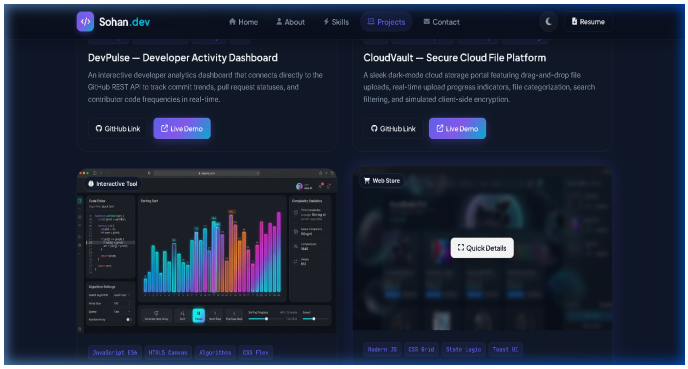

Figure 5: Featured Projects Grid & Tags

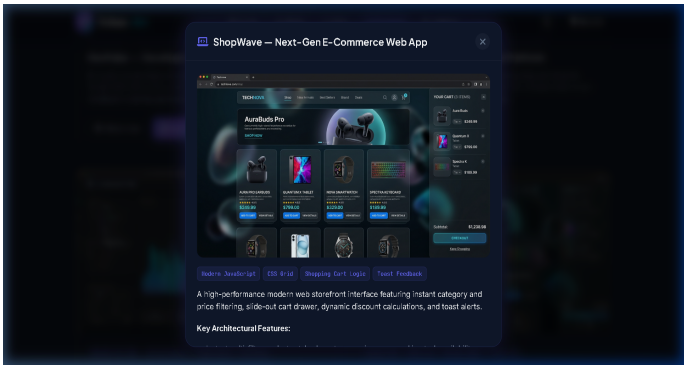

Figure 6: Interactive Project Quick View Modal

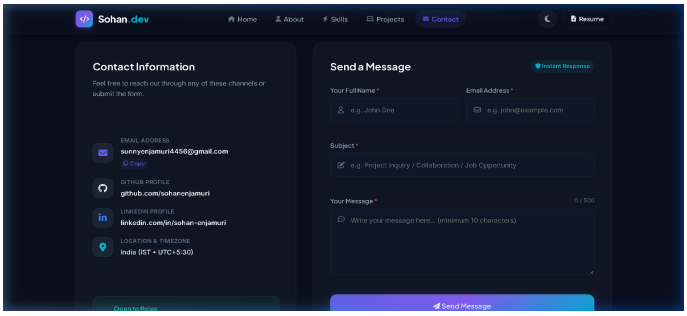

Figure 7 (Left): Contact Form with live validation, instant response alert, and clickable contact links.

Deployment: Configured with standard GitHub Pages workflow from main branch.

Status: 100% Tested & Verified across viewport widths.
